The Importance of Your High School Transcript

Your transcript is a complete record of all courses and final course grades for every class you take in high school.

It includes your class rank and grade point average as well as your highest Regents exam scores.

The Importance of Your High School Transcript

This document is required for all college and scholarship applications, as well as for the military and some employers.

It is very important that students do their best in every course taken in grades 9 through 12. 8th grade courses such as World Language, Algebra, and Earth Science are also included on the transcript.

Family Educational Rights and Privacy Act of 1974 (FERPA)

Students who are applying to colleges, please be aware that procedures for the confidentiality of student records within FERPA have changed.

FERPA permits school officials to disclose, upon request, any and all educational records, ***including disciplinary records***, to any institution to which the student applies for enrollment.

Student Athletes

NCAA Clearinghouse Requirements

Students who wish to participate in intercollegiate athletics at the NCAA Division I or Division II levels must be certified by the NCAA Clearinghouse.

Please note that Division III Colleges, as well as junior colleges, do not require NCAA eligibility certification.

It is critical that student athletes and their families share their athletic goals with the school counselor beginning in 8th grade to ensure that the students are registered for the necessary NCAA-approved courses in high school.
