AHS Presents Band Geeks - A New Musical

A high-stepping tribute to high school marching bands and misfits everywhere!

The Auburn High School Musical Dept. will proudly present their Spring musical production of Band Geeks on April 4th, 5th and 6th, 2025. Three performances will take place at Auburn High School, 250 Lake Ave., Auburn, NY. Two evening performances will be at 7:00 p.m. on April 4th and 5th, with one 2:00 p.m. matinee on April 6th. All tickets are general admission seating, with ticket prices set at \$14 General Admission, \$12 for seniors and students, and \$10 for children (12 and under). Tickets will be available for purchase at the door and can be purchased online at: <https://cur8.com/22111/project/130904>

In the tradition of "Glee" and The 25th Annual Putnam County Spelling Bee, comes Band Geeks, a celebration of the tribulations of the millions who have spent football halftimes pounding out Sousa-like renditions of "Maria." Whether you were in the band, on the team, or in the stands, you'll recognize the woes and revel in the fun of Band Geeks.

The Cuyahoga High Marching Beavers are preparing to entertain for another highly anticipated football season. But with dwindling band members and huge budget cuts, the Beavers are close to extinction. Tuba-playing band captain Elliott (**Aiden Hodson**) and his best friend, perfectionist flutist Laura (**Irelynn Vollmer**), are determined to save the Beavers and play at the Festival of Champions. However, when ex-football player Jake (**Jeremiah Horn**) is forced to join the band in order to graduate, the already rough-around-the-edges marching band begins to fall out of step.

Supporting cast includes Nicole, the twirler girl (**Alivia Aubin**); Stewart, the overachieving principal's son (**Danny Kato**); Spitz, the hot shot trumpeter who actually isn't all that great (**Evan Murphy**); Natalia, a classically trained exchange student from Braslovia (**Maddie Lovell**); Ms. Dixon, the school principal (**Amarah Bennett**), Mr. Hornsby, the band director (**Nick Indelicato**); supporting band members Molly (**Eden Gadsby**), Alvin (**Justice Loperfido**), Joyce (**Jillian Gutelius**), and Kyle (**Jacob Rumpf**), along with an ensemble of assorted band members, color guards, drumline, and dancers.

With book by Tommy Newman and Gordon Greenberg, and music and lyrics by Gaby Alter, Mark Allen, and Tommy Newman, this 2010 stage musical was originally workshopped and produced by Goodspeed Musicals. Band Geeks - Expanded Cast Version is presented through special arrangement with Music Theatre International (MTI). AHS Production team includes: **Holly Maltese** (Director), **Stephen Gamba** (Musical Director), **Ben Kringer** (Accompanist), **Seth Kennedy** (Set Design), **Terri Gadsby** (Props Design), and **Michelle Chisholm** (Costume Design).

Can Elliott and Laura find a way to unite the band, embrace their inner geek, and save the Marching Beavers? Join Auburn High School on April 4th, 5th, and 6th for a rousing and triumphant musical for all ages!

News from Seward Elementary

In honor of Women's History Month, Mrs. Torrissi's students embarked on a research project celebrating influential women who have made a lasting impact on history. Each student selected a remarkable woman to study and created an engaging two-slide presentation. The first slide posed a thought-provoking question or included intriguing clues, challenging viewers to guess the identity of the mystery woman. Once revealed, the second slide provided key details about her achievements and contributions. To share their work with the school community, they displayed all the projects outside our classroom, allowing other students to interact with the presentations and learn about these inspiring figures. This interactive approach not only deepened our students' research skills but also made learning about history exciting and memorable.

Third grade students at Seward Elementary held their first debate. The debate was led by Chairperson and Judge Jose Nieves and the Timekeeper was Mrs. Miles. The topic of the debate was "Julius Caesar - Hero or Traitor?". Debate teams were led by Julianna Weaver and Hunter Janish. Both teams had two minutes to present each of their three positions and opposing teams had one minute for rebuttal. Students cited both text and inferential evidence and both teams had to decide which type of evidence made a stronger argument for their position. The decision? It was close, but the position that Julius Caesar was a traitor won the debate!

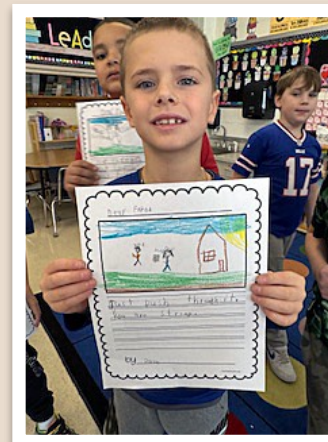

News from Owasco Elementary

World Cancer Day was February 4th and Ms. Stoker's second grade class wrote encouraging letters to children who are undergoing cancer treatment. They sent their letters to pediatric oncology patients at John R. Oishei Children's Hospital in Buffalo, NY. They received a letter back thanking them for their heartfelt notes, encouraging them to continue spreading joy and helping others. The second graders were very excited to be able to share their letters and spread a little encouragement to other kids.

Fifth Graders at Genesee Showcase Creativity with 3D-Printed Temples

Fifth graders at Genesee Elementary have been hard at work on their end-of-unit project in ELA. Mrs. Duffy and Ms. Henry's class collaborated with librarian Ms. Calarco to research ancient Maya, Inca, or Aztec temples. They then brought their newfound knowledge to life by designing these temples in the 3D modeling program Tinkercad. The learning continued as students had the opportunity to see their creations come to life with the help of the school's 3D printer! Watching their temples take shape was a truly rewarding experience for everyone involved!

AHS Library hosts Voice-Over Professional David Autovino

On March 11, David Autovino gave a presentation about his career as a voice-over professional to around 100 students in the Auburn High School library. Autovino has worked in film, theater, commercials and videogames. He is known as the voice of Edgar in the popular Brawl Stars videogame. He went over his professional background and his steps to becoming a voice-over professional. He had a student volunteer practice recording a script, and showed how he edited audio using the software program Logic Pro. He stressed to the students the importance of putting in the work in order to see success. He works without an agent so he is responsible for arranging all of his gigs. He was able to carve out a successful career in Rochester, an area not saturated with media jobs. Students asked several questions about Autovino's career and the voice-over profession in general. Freshman John Cuddy was instrumental in organizing the presentation. The program was made available through Arts in Education funding.

News from Casey Park Elementary

Our second graders explored the Ithaca Science Center. They were able to look at the different animals and explore the touch tank. The kids had the opportunity to become engineers and build windmills. Overall, it was a fun filled day for the children!

Mrs. Gutelius, 2nd Grade Teacher

During our February Top Dog assembly, 5th-grade students challenged the school to show characteristics of patience and cooperation. The 5th graders went into each classroom and completed an activity of building marshmallow toothpick towers by working together in small groups. They then discussed with the class about what worked well and what didn't.

The Mitten Play

Students in Mrs. Pesarchick's 5th grade class along with kindergarten classes, Mrs. Gremli, Mrs. Swartz and Mrs. Engle performed a play, *The Mitten*. Based on the Ukrainian folktale written by author/illustrator Jan Brett, the play takes place in the cold winter exploring themes of kindness, sharing, scarcity and wisdom. The main character loses his mitten in the woods, while animals in the wilderness compete for space as they try to fit inside of the newly discovered mitten.

It was wonderful to see our students work so hard to show off their individual skills and those that discovered their hidden talents. Whether it be acting, singing, costume/stage/program/sound designer, every student did an amazing job. We pulled this play together in less than two months. Thank you to Mr. Tabone & Mr. Lasagna, Ms. Crissman, Mr. Howard, Herman Ave PTO, Hillcrest Dairy, Wegman's and Herman Ave. Community for their support throughout the play. Lastly, thank you to our talented cast and crew who brought this book to life.

Mya's Mission

Mya B., a 6th-grade student at Herman Avenue, recently demonstrated incredible leadership and compassion as the face of *Mya's Mission*, a donation drive benefiting the local SPCA. Through her dedication, Mya rallied our school community to gather essential supplies for animals in need. Her initiative not only supported a great cause, but also showcased the power of kindness and teamwork. We are proud of Mya's efforts and her commitment to making a positive difference in the lives of animals in our community. Great job, Mya!

News from Genesee

Second graders in Mrs. Osborne's class, at Genesee, collaborated with Ms. Corey (art) and Ms. Calarco (library) to create All About Me abstract art projects. Students made scratch art, did a writing piece, and created QR codes to tell what makes them unique. What a fun way to showcase all the things that make each student special.

Four Reasons Auburn Celebrates Birthdays Without Food

1 We Promote Healthy Minds and Healthy Bodies

We are working to promote healthy minds and healthy bodies at Auburn. The research is clear - healthy kids learn better. To provide the best possible learning environment for children, schools must provide an environment that supports healthy behaviors. According to the Auburn Enlarged City School District Wellness Policy, students are to receive nutrition education that teaches the skills and attitudes they need to adopt healthy eating behaviors. The policy also states that the school district encourages parents, teachers, school administrators, support staff, and community members to serve as role models in practicing healthy eating and being physically active, both in school and at home. Decreasing the availability of "empty calorie" foods, foods that are high in fat, sugar and salt with little nutritional value (the type typically brought in for birthday celebrations), is just one strategy schools can use to promote wellness.

2 Instructional Time will be Preserved

Less instructional time will be lost with this policy. In the past, anywhere between 15 - 30 minutes of class time was used for each birthday party. At the conclusion of the party, very often the birthday child would then walk around the building offering the extra treats to teachers, usually accompanied by a friend or two. This resulted in several disruptions to other classes, and more instructional time lost for the birthday child and his/her friends. Auburn will still celebrate birthdays, however it will be done in a way that preserves as much instructional time as possible.

3 Every Child's Birthday will be Special

Every child's birthday will be celebrated. There are a few children in each of our classrooms that do not celebrate their birthday in school with treats brought in from home. This happens for a variety of reasons, some of which are unknown to us. We do know that some parents cannot afford to send in treats, some do not have transportation, and some cannot take time off from work. With this policy, no student will be excluded.

4 All Students will be Safe

Safety is a priority at Auburn. With this policy, students with food allergies, diabetes, or other food-related health issues will be safer, and will stop feeling excluded as they have on several occasions in the past. Even though teachers and parents took care to provide a safe snack for these children, these children do not enjoy being singled out 15 - 20 times per year. In addition, it could not be guaranteed that treats were sanitary. We have witnessed cupcakes being dropped on the way into school and being placed back on the tray, fingerprints and hair on cupcakes, students sneezing on an open container of cookies, etc. When it comes to students with food allergies, it is not just a matter of breaking out with hives, sneezing, and having a runny nose. Lives may be endangered. Even in classrooms where there was a strict policy in place regarding the types of food that could be brought into the classroom, not everyone followed the policy. Research has shown that 1/3 of students who have an allergic reaction at school did not previously know they had a life-threatening allergy.

The members of the PRIDE Leadership Team at Genesee Elementary were proud to lead the school's participation in the Griffin's Guardians Change for Hope Campaign. Students and staff brought in change throughout the week of February 10th to spread awareness of Pediatric Cancer, assist in funding research, bring HOPE to families with children battling cancer in Central New York, and to provide these families with financial assistance to lessen the burden, during a time when they need to focus on family.

Beth Robinson, Dean of Students, Genesee

ATTENDANCE MATTERS!

A daily absence percentage of 90% or less, or missing 18 or more days of school for any reason including excused absences and suspensions, is considered chronic absenteeism. When students are chronically absent, it can translate into having difficulty reading by the third grade, difficulty achieving in middle school, and difficulty graduating from high school.

What does your attendance figure actually mean?

Keep Your Child on Track With Schoolwork

Supporting Children's Learning: Children who are struggling with schoolwork can become frustrated and look for ways to avoid going to school and participating in school. Our goal is to provide them with the support they need so they feel good about learning and good about themselves. Parents and teachers need to work together to help children succeed in school and feel connected. Find out more at:

A Smooth Ride

The Auburn Wellness Committee's application for "A Smooth Ride" was granted by the Auburn Education Foundation. AECSD Staff at the Tubman building got their first taste of the smoothie bike experience in February, blending up healthy drinks with the power of pedal energy. With the collaboration from Chartwells, healthy eating and fitness will be promoted throughout the community at various events.

Testing out the new bikes are Kristi Newton, AJHS Health/P. E. Teacher and Chris Maher, Director of Health, P.E. & Athletics
