VOLUME 30, ISSUE 6

## Free Meals for Every Student!

Here's something to smile about: every student can enjoy free, nutritious school meals every day! Even if your child usually packs a lunch, they're always welcome to join us in the cafeteria. It's an easy way to make sure every student stays full, focused, and energized for learning.

Each lunch offers plenty of choices! Students select at least three of the five meal components: milk, protein, grains, fruits, and vegetables. This flexible, student-friendly approach supports healthy eating, encourages independence, and helps reduce food waste.

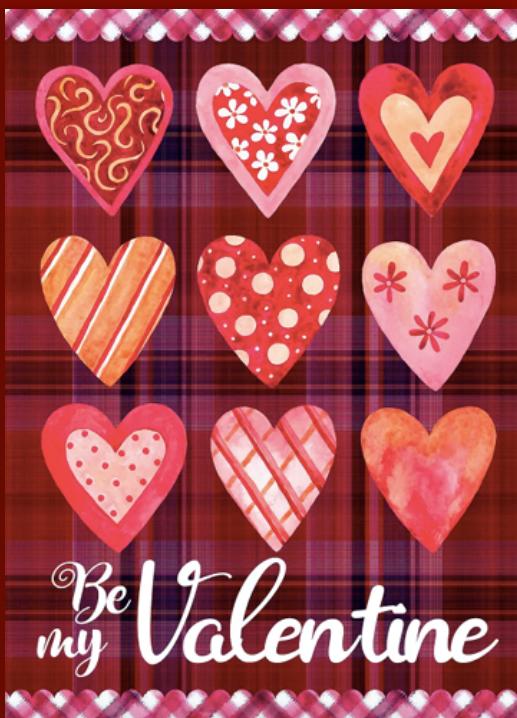

We encourage families and staff to remind students that they are always welcome to use the lunch line, even if they bring their own lunch.

*Have questions? Our team is happy to help! Please reach out to the Food Service Manager, Deb David, at 315-255-8335.*

**Whether your child enjoys school meals every day or prefers favorites from home, this program is a wonderful benefit available to all students, at no cost to families.**

### [Breakfast & Lunch Menus](#)

Your child's teacher may request classroom party supplies for Valentine's Day. Please be assured that any activities planned will accommodate students' allergies and dietary restrictions. Each classroom is unique, so celebrations may look a little different from one class to another.

If your child is preparing to share Valentines with classmates, we kindly encourage families to choose non-food items. This helps ensure that all students can participate and allows us to be considerate of food allergies and dietary needs.

Popular non-food ideas include:

- Stickers
- Pencils or crayons
- Bookmarks
- Small toys or games

Please note that our school lunch menu on Friday, February 13, will feature Valentine's Day-themed items that meet all nutritional guidelines, so students will still be able to enjoy a festive meal during the school day.

**Mrs. Goldmann's 5th grade class at Genesee Elementary is proud to celebrate reaching 10 days of 100% attendance!**

Every day all students were present, we added popcorn to our "Poppin' with Attendance" chart, which kept everyone excited and motivated. We started this goal in late November and, through consistency and teamwork, reached it by early January. This accomplishment shows how committed our students are to coming to school every day and helping meet both our classroom goal and our school-wide attendance goal. To celebrate all their hard work, the class enjoyed a build-your-own popcorn party and a movie, making it a fun well-earned reward.

We couldn't be more proud of this group!

## Instrument Petting Zoo

Shout-out to our amazing 6th graders, Arabelle and Breanne!

They volunteered at the district's Instrument Petting Zoo, where they proudly showcased their instruments and helped younger students learn more about band and orchestra. Their enthusiasm inspired future musicians who are thinking about joining next year. We're so proud of them!

Casey Park Band & Orchestra Teacher*

## Ancient Roman Aqueducts

As part of our Ancient Rome unit, 3rd graders at **Genesee Elementary** worked with Ms. Calarco to build aqueducts. Students tested their designs by running water through them using gravity, learning how Romans transported water long distances.

## "I Hear My School Singing"

By: Mrs. Miles' Fourth Graders

Tapping of the wintery boots on  
the hard floor

Kids in the hallway are violas  
with a bow

Little kids sound like flutes

Kids sketching like a violin

Water from the water fountain  
dripping

Footsteps from kids like a  
trumpet

People talking like a trombone

Pencils drawing like a flute

Tapping shoes on the floor like  
a trombone

Bigger kids walking sounds  
like a snare drum

Mrs. Miles drawing on the  
chalkboard like a triangle

Angry adults stomping like  
drums

Walking on the floor  
like a drum

The cafeteria's full of birds  
chirping

Kids talking like a flute and a bell  
Laughing like a violin

Snowballs on the playground  
like drums

Talking and shouting like bells  
Snowballs hitting people like a  
drum

Teachers clapping their hands  
in a beat like good music  
A good rhythm

Boots hitting the ground like  
drums

A really good one

Fourth grade poets completed the CKLA Unit 3 Poetry Unit by creating a whole class poem, *I Hear My School Singing*. Students used similes and metaphors of musical instruments to describe the everyday sounds they hear in school. Students anonymously added their line to the poem and then the class enjoyed reading their creation together! Great job, Seward Stinger Poets!

## Sound and Sound Waves Project

After learning about sound and sound waves, 4th graders at Genesee got together with our librarian, Ms. Calarco, to tackle a fun project-based learning activity. Student teams received a "budget" to "purchase" a variety of materials. The challenge? To soundproof a shoebox. Students used their knowledge of sound waves to block sound coming from a portable speaker. They were evaluated using a decibel reader. Students had to use teamwork and critical thinking to develop the best strategy to reduce the decibel level outside the box. We had a wonderful time collaborating with Ms. Calarco on this PBL!

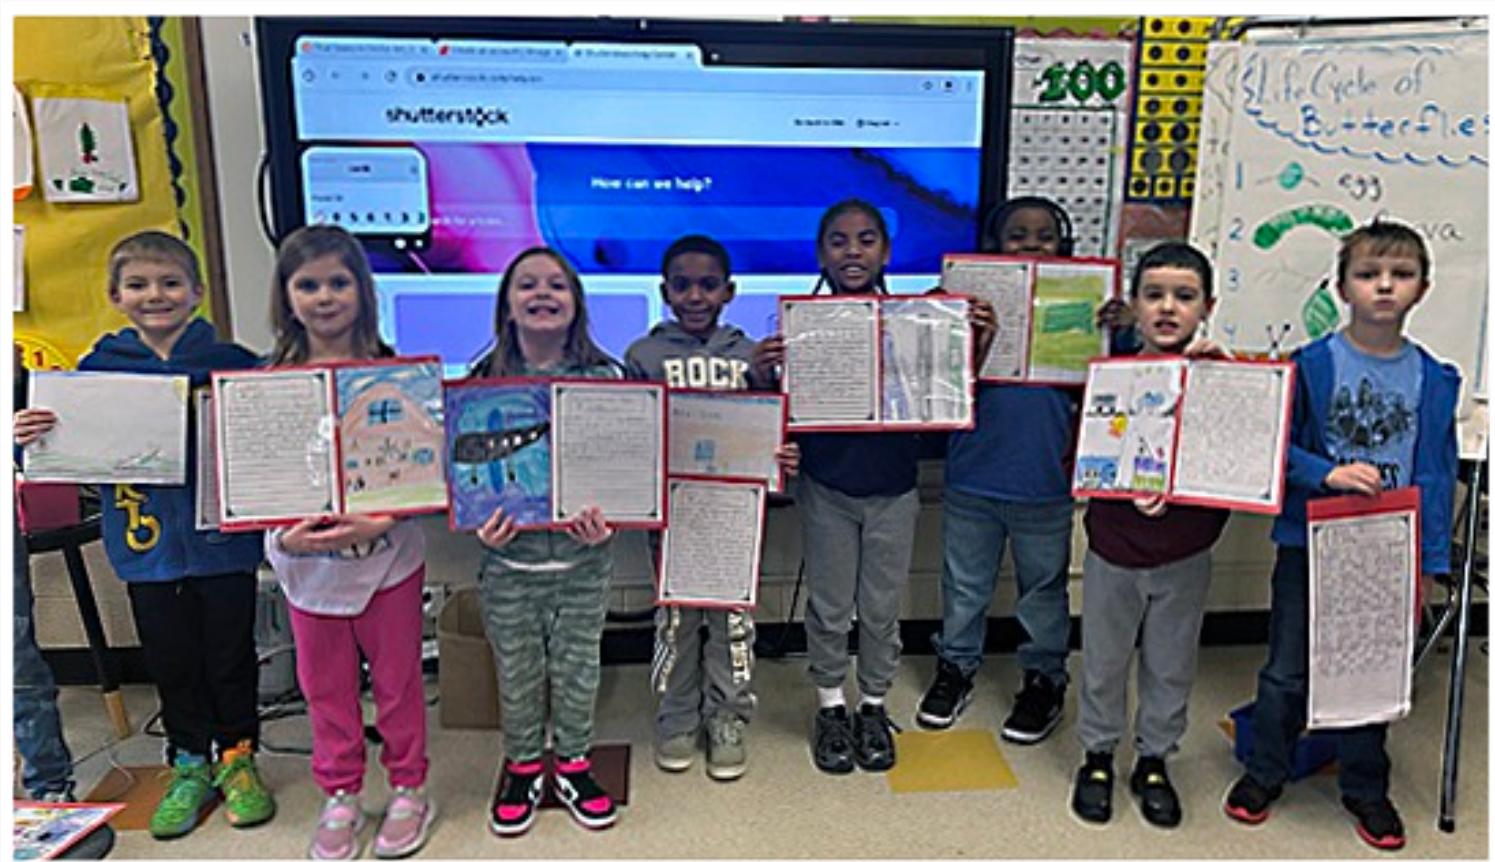

## ■ DIVERSITY, EQUITY & INCLUSION

- On January 12, our new teachers and mentors participated in a specialized session with Michelle Kolceski, our Director of Early Learning and ENL, and Susan Deacon, an administrative intern, on building welcoming and affirming classroom communities. The focus remained on ensuring our English Language Learners feel supported, valued, and included from day one.
- While the district was closed on January 19 to observe Martin Luther King, Jr. Day, the learning began much earlier. Leading up to the holiday, students across all buildings engaged in meaningful lessons and activities centered on Dr. King's legacy of service and civil rights.
- As we enter February, our schools are proud to recognize Black History Month. Throughout the month, each building will celebrate the achievements and history of Black Americans through various educational programs and creative school-wide activities.
- The Student United Way club recently hosted guest speaker Attorney Ally Colvin (Carbonaro, Carbonaro & Brune, P.C.). Ms. Colvin shared her professional journey with the group, detailing the path to becoming an attorney and the impactful work she is currently doing within our community.
