

ANNOUNCING the 2020 CNY STEM SCHOLARSHIP PROGRAM

5 LOCAL COMPANIES NOW OFFERING 9 SCHOLARSHIPS VALUED AT \$108,000

To CNY High School Guidance Counselors and Educators:

SRC, Inc., Loretto, TTM Technologies, King + King Architects, and INFICON, in partnership with the CNY STEM Hub, are pleased to announce the 2020 CNY STEM Scholarship Program. This scholarship program, now in its 8th year, is open to graduating high school seniors who will be majoring in **Electrical or Mechanical Engineering, Computer Science, Computer or Software Engineering, Nursing (including PA or NP programs), or Architecture**, starting in the Fall, 2020. Students in the following counties may apply: Cayuga, Cortland, Madison, Oneida, Onondaga, Oswego, and Tompkins.

This year's scholarship program will provide financial support and at least one paid summer internship at the participating companies, pending business conditions. Last year's scholarship winners were from Cicero-North Syracuse, East Syracuse-Minoa, Fayetteville-Manlius, Hannibal, ITC @ Syracuse Central, New Hartford, Nottingham and Westhill High Schools.

There is no financial eligibility requirement. Students **attending a college or university in New York State majoring in the select STEM areas** will be given preference during the selection process. Finalists will be chosen based on academic merit, extracurricular activities, honors/awards, and an essay related to STEM. Recipients will be determined by an in-person interview.

Please promote this great opportunity to your students. The online application and additional information can be found on the CNY STEM Hub website at www.cnystem.com. You can also find a link to a pdf to print more information sheets and posters.

The application deadline is **MARCH 1, 2020**. Selections will be made in April and all applicants will be notified by May 1, 2020.

If you have any additional questions related to the program, send inquiries to info@cnystem.com.

We are truly excited about providing these scholarships to help keep our students in Central New York and appreciate your help in encouraging great candidates to apply for these opportunities.

Dr. Donna DeSiato, Superintendent
East Syracuse-Minoa School District
Chair, CNY STEM Hub
