Door Decorating Contest

This year Casey Park held a virtual door decorating contest. Our students decorated a door at home, submitted a picture to their teacher, and their doors were posted to our Facebook page where people voted by liking the picture of their favorite door.

Our winners were Gianna in 4th grade and Gretchen in 4th grade. Everyone did a great job and was very creative with decorating doors at home!

Top Dog Activities

Mrs. Miles' December Top Dog, Kole, has been having lots of fun learning at home!

Great job, Kole!

Fill-A-Belly Over School Break

AECSD partnered with the CNY Food Bank to provide food to families in our district through the Fill-A-Belly Over School Break Program. A huge thank you to our Casey Park social worker, Ms. Carey-Dixon, right, who worked at the event and helped organize food distribution for our Casey Park families!

Below: Our 2nd grade classrooms participated in a hands-on learning experience with the Sciencenter via Zoom where students learned how to make a water wheel. The Sciencenter also sent home pinwheels to be made at home, as well as an admission ticket to visit.
