## ATTENDANCE MATTERS!

Missing just a few days of school a month can hurt a child's math and reading skills or even their chance of graduating.

Bright futures begin with good school attendance

**Please help us reduce chronic absence.**

## Anonymous Alerts

We have introduced a new tool called **Anonymous Alerts**, which is an online system that allows students to quickly, easily, and anonymously report strange behavior and information to school officials.

**Possible incidents to report could include:**

- Bullying / Cyberbullying
- Family difficulties
- Self-harm
- Drug and alcohol abuse
- Student depression
- Sexual harassment
- Fighting
- Weapons
- Threats
- Abnormal student behavior

The best way to address problems faced in school is by telling a teacher, principal, psychologist, or counselor. However, we do understand that sometimes a student may want to communicate something anonymously. **The most important thing to remember is: See something. Do something!**

All reports submitted through Anonymous Alerts remain completely anonymous, but students do have the option to reveal their identity. The program is monitored from 8:00 a.m. until 3:00 p.m. on school days, but it is very important to understand that school officials will not be on the system every minute. Anonymous Alerts should only be used for serious matters, but **if something seems disturbing or life threatening, call 911 immediately.**
