Casey Park

Elementary School

November 2020

FROM THE PRINCIPALS

Dear Casey Park Families,

We are so happy to welcome all of our hybrid learners back into the building. It has been wonderful to see all of the students' faces. So far, everything is going well, and students have done an amazing job of following our guidelines and expectations throughout the building. All students, both remote and hybrid, are continuing to work hard on their assignments and are becoming pros at navigating Google Classroom. With that being said, please remember that assignments must be completed each day in order to keep up with our daily curriculum expectations.

As many of you have noticed, we have established some new arrival and dismissal procedures. Please make sure that you are following the guidelines in order to maintain the health and safety of all students and staff members. As a reminder:

- If you are dropping your child off and do not need to exit the vehicle yourself, please pull over in the approved sections on the street. Students will exit on the car on the side of the sidewalk and will either walk to the crosswalk or walk on the sidewalk to the school entry.
- If you need to come to the door with your child, YOU MUST park in the further half of the parking lot across from the school and not on the street. Please walk to the sidewalk and utilize the crosswalk when crossing the street.
- Handicapped spaces are clearly designated in the parking lot across from school. Please do not park here unless you have handicap permissions, which can be clearly viewed.
- Please do not stop and let children out in the middle of the street or in the middle of the crosswalk.
- No thru traffic in the staff parking lot on the east side of the school.
- Make sure children are not crossing through the bus lane. They should always cross at the crosswalk where there is a crossing guard.

Thank you for your cooperation. We are looking forward to another great month!!

Mrs. Garback & Mrs. Batis

Sunshine!

Some of our second graders enjoyed the sunshine while social distancing outside.

PBIS Update

Above: Mrs. Garback points to social distancing markers.

Students who returned in the hybrid model have been reviewing our PBIS expectations for all settings within the building. The PBIS team got super creative and developed videos for students to watch in order to review what our expectations look like and sound like throughout the building. The team worked diligently to update our expectations in order to incorporate COVID guidelines.

SAVE THE DATE!

**Thursday,
Nov. 12
@ 5:30 pm
via Zoom**

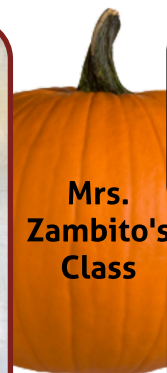

Casey Park will be hosting a virtual Family Engagement Night webinar via Zoom. We will be reviewing Google Classroom settings for student emails, Classlink, and some educational websites and apps that are beneficial to our students. We will also have time at the end to answer questions families may still have regarding technology. The Zoom link will be sent to families prior to the event.

Looking for Technology Resources?

Head to our school website, www.aecsd.education/caseypark, scroll down to Announcements, and click on Parent and Student Remote Learning Technology Resources.

Here you will find video tutorials for Chromebooks, Google Classroom, and other Google extensions. You can also view the "Google Classroom Tips" video from Mrs. Garback and Mrs. DelloStritto on our school homepage for helpful hints.
