Ms. Carbonaro 6th & her daughter Sophie twinning on the 1st day!

On the first day of school, Ms. Stoker's 2nd graders read the book *Alma & The Worry Stone*. We then created our own worry stones. We can use them to take any worries we might have during our school day!

Dr. Gorney & Miss. Molloy

Ms. Aversa's 5th Grade Class showing their SPIRIT with our hat day Friday 9/9/22.

Cafeteria & Gym Time

Kindergarten "Meet the Teacher" night!

Owasco Owls Support Team

Alyssandra Orfano

The primary role of the school counselor is to develop and implement a comprehensive school counseling plan for all students. This consists of instruction and programming to assist students in their academic, career, and social-emotional development. Contact the school counselor if...

- Your child needs help managing emotions and applying interpersonal skills (*please note that school counselors do not provide mental health counseling)
- To inquire about middle school/career options
- Your child needs help applying academic strategies

Jen Danker-Stiles

My name is Jennifer Danker-Stiles and I am the School Psychologist at Owasco Elementary School. My job is to support students, teachers, and families to ensure the best education for all. I complete evaluations, collaborate with teachers/parents/outside providers, observe and analyze data. I also provide behavioral and social emotional strategies when needed. I am excited for my second year at Owasco and eleventh year as a School Psychologist!

Michaela Breeze

The primary role of the school social worker is to build connections between the home, school and community to help with academic, behavioral and social/emotional needs. I will work with students and families in order to connect them to community resources with a focus on school attendance, mental health, homelessness and food distribution. My goal is to minimize any barriers to learning including managing crisis situations & behavioral outbursts, building relationships and handling child protective matters.
